## Key Projects Undertaken

### ❖ OneGMS

The One Grant Management System (OneGMS) is a standard platform for the management of all Country-Based Pooled Funds (CBPF) and Central Emergency Relief Funds (CERF). Implementing partners use this interface to submit project proposals and reports, and OCHA coordinates project review, monitoring and partner performance. The system captures evaluation results, tracks timelines and promotes accountability in humanitarian response. OCHA maintains a system-wide overview of all funds, enabling support and coordination and provides real time fund information for stakeholders.
