Email: archanamani1995@gmail.com | Mobile: +91 9632866604

Objective

To secure a challenging position that utilizes my education and skills in the field of information technology to contribute to the success of the organization.

Professional Summary

- 5+ years of total experience, including 5 years in **.NET Core, C#, MySQL**, and 2 years in **Angular**.
- Proficient in designing and developing scalable web applications with a strong focus on backend and frontend technologies.
- Experienced in leading development teams and managing project deliverables using agile methodologies.

Technical Skills

Primary Skills: .NET Core, Angular, MySQL

Languages: Angular 18, Angular Material, C#, LINQ, HTML, CSS, Java, MS SQL

Frameworks/Technologies: Entity Framework, LINQ, RESTful Services, Dependency Injection, Design Patterns

Version Control: Git, TFS

Operating Systems: Windows, Ubuntu

Tools: Visual Studio 2019, Visual Studio Code

Education

- **B.E (Information Science and Engineering):** 58.9%, VTU, Karnataka (2014-2018)
- **PUC (PCMB):** 67%, Pre-University Board, Karnataka (2014)
- **SSLC:** 80%, State Board, Karnataka (2012)

Professional Experience

Product Developer

iTS: Info Technology Supply Ltd, Bangalore (*April 2021 – Present*)

- Led development of core features for scalable web applications using **.NET Core 8** and **Angular**.
- Implemented **JWT token-based authorization** and database logic using **NHibernate**.
- Designed and developed RESTful APIs and ensured seamless front-end integration.

Junior Software Developer

Creators InfoTek, Bangalore (*March 2019 – April 2021*)

- Worked on business logic development using **Entity Framework** and **LINQ**.
- Created and consumed RESTful services and optimized SQL database performance.

Projects Undertaken

9to5 App

Role: Product Developer & Team Lead

Environment: .NET 8, SQL, Angular

Responsibilities:

- Managed a team for developing a **Clock In/Out application** using **PWA technology**.

- Provided technical guidance, conducted code reviews, and ensured timely project delivery.
- Coordinated with stakeholders and mentored junior developers.

Aim: A PWA-based platform designed for employees, offering a standardized and feature-rich experience.

Evalyou8

Role: Product Developer

Environment: .NET Core 8, SQL, Angular

Responsibilities:

- Developed a rating platform for web and mobile users with a focus on employees.
- Utilized **NHibernate** for ORM, developed REST APIs, and integrated JWT-based security.

Payment Gateway

Role: Software Developer

Environment: .NET Core 3.0, LiteDB, PapercutNG

Responsibilities:

- Implemented secure token-based authorization.
- Designed and developed RESTful APIs for secure payment transactions.

Board Bullets

Role: Back-End Developer

Environment: .NET Core, MySQL

Responsibilities:

- Created RESTful services and designed email notification systems.
- Developed solutions for administrative and operational functions tailored for the education sector.
