SUNIL KUMAR REDDY BOREDDY

+91 6300178187 | sunilboreddy1999@gmail.com

SUMMARY

IT professional with 3.5 years of hands-on experience in the BFSI domain, specializing in .NET Frameworks, SQL, and Selenium Automation. Experienced in managing the entire project lifecycle, including end-to-end planning, development, and delivery. Proficient in Agile methodologies, ensuring seamless collaboration and adaptability in dynamic environments. Recognized for problem solving skills, technical expertise, and a commitment to driving business success through innovative solutions.

EXPERIENCE

Tech Mahindra   Bengaluru, India

Project : *LSEG(London Stock Exchange Group)*

Role :- *Software Engineer*   Sep 2021 - Current

Technologies: .NET Core, C#, ASP.NET, Web API, Azure Cloud, SQL Server, MicroServices

- Developed and maintained applications using .NET Frameworks C#, ASP.NET MVC, MS SQL and Web API using .NET Core, ensuring seamless integration, scalability, and secure data exchange between distributed systems.
- Designed and implemented console applications to support automation and backend processing tasks.
- Gained hands-on experience in SQL, including creating and managing tables, views, stored procedures and performing CRUD operations on databases to support application functionality. Assisted in database design and optimization to enhance the performance and scalability of .NET applications.
- Actively participated in all phases of the Software Development Life Cycle (SDLC), including requirement gathering, design, development, testing, and deployment.
- Migrated a monolithic application to a cloud-native microservices architecture using .NET Core
- Addressed and resolved client queries, providing efficient technical solutions and ensuring customer satisfaction. Diagnosed and resolved application issues by analysing and fixing bugs in .NET Framework applications, ensuring smooth functionality and enhanced user experience.

EDUCATION

Audisankara College of Engineering & Technology   Gudur, Andhra Pradesh

Bachelor of Technology in Computer Science and Engineering (80%)   Jun 2016 - Nov 2020

CERTIFICATIONS & TRAININGS

- Trained in the fundamentals of .NET development, including ASP.NET MVC, Web API, Dot Net Core and also trained in the fundamentals of SQL in Udemy and Socials.
- Trained and Certified in AWS by doing Internship in TechScape. Gained hands-on experience in AWS services like EC2, S3 and contributing to cloud-based application deployment and monitoring .   Vijayawada, AP (Jan 2021-Aug 2021)
- Certified on AZ-900 (Azure fundamentals) which is provided by Microsoft.
- Trained and certified in Automation Ninja and UI Path developer.

SKILLS, ACTIVITIES & INTERESTS

Technical Skills:

- C#: OOPS Concepts, Exception handling, Arrays and collections, Multi- threading, File handlings.
- ASP.NET(MVC): Experience in Routing, Action filters, Controllers, View Engine, Validation etc.
- DOT NET Core : Basic to good experience in developing cross-platform applications with .NET Core and building dynamic, web applications using Angular, focusing on both front-end and backend integration.
- WEB API: Ensuring seamless integration, scalability and secure data exchange between distributed systems
- SQL/ MS SQL: Basic Queries, SQL Commands (DDL, DML, DCL, DQL, TCL), Joins, Stored Procedures.
- Testing: Selenium Automation testing, Cloud : Azure cloud, AWS. IDE : MS VS 2019 and 2022
- DevOps Tools: GIT, Selenium (Web drivers) **Recognition:**

- ☐ Nominated for the ACER Award at Tech Mahindra for consistently exceeding performance goals and delivering high-quality results.
